

# DATA SHEET

## THE RUNPO – without box, triple twisted, Ø 5,3 mm

### SPECIFICATION

(RRP/excl. of VAT)

LENGTH	20 m	30 m	40 m			
WEIGHT/KG	0,46 kg	0,66 kg	0,86 kg			
ITEM NO.	20240	20241	20242			
PRICE €	<b>€ 94,90</b>	<b>€ 109,90</b>	<b>€ 124,90</b>			
ROD MATERIAL	triple twisted special polyester					
ROD Ø	5,3 mm					
BENDING RADIUS	15 mm					
TOTAL TENSION LOAD	270 kg (on the entire band!)					
TUBE Ø	optimal from 16 mm - 40 mm					

### DESCRIPTION

The RUNPO (twisted, Ø 5,3 mm) is a further innovation by RUNPOTEC and an absolute all-rounder. The main reason for the success of the RUNPO (twisted, Ø 5,3 mm) is the patented flexible starting head RUNPOGLIDER with swivel. It enables to go over narrow radii due to its excellent flexural and gliding behaviour. The whole system has an unbelievable breaking load of 270 kg, the friction resistance is 50 % less due to its punctual contact. The advantages compared to the 3 mm glassfiber fish tape are: No kinks, no sticking thereby, no more need to glue or repair anything, considerable saving of time. The RUNPO (twisted, Ø 5,3 mm) is almost unbreakable, available in lengths of 20 m, 30 m and 40 m. Every RUNPO (twisted, Ø 5,3 mm) is provided with two pressed RUNPOGLIDER with swivel at the end and the beginning of fish tape.
